# THE BUSINESS HUB FOR THE MANUFACTURING INDUSTRY

Working in line with Vision 2030, Saudi Manufacturing Expo (SME) will provide an unrivalled international platform where the industry can come together, connecting manufacturing engineers, decision makers, buyers and specifiers with suppliers of new technology, equipment, services and processes, to define the future of manufacturing.

Attracting international and local exhibitors to connect with 8,000 attendees, it will be the most important meeting place for the manufacturing industries in the Middle East.

## SAUDI ARABIA, THE CENTER OF THE GLOBAL MARKET

## SAUDI ARABIA'S HIGH-GROWTH MANUFACTURING STRATEGY MEANS OPPORTUNITIES AWAIT

In October 2022, Prince Mohamed bin Salman, Crown Prince, Prime Minister and Chairman of the Council of Economic and Development Affairs launched the new National Industrial Strategy.

The strategy aims to make the country a manufacturing powerhouse, attract international investment and accelerate its economic diversification by tripling the country's industrial domestic product and doubling the value of industrial exports.

"Through the National Industrial Strategy and in partnership with the private sector, the Kingdom will become a leading industrial powerhouse that contributes to securing global supply chains and exports high tech products to the world" said Prince Mohamed bin Salman

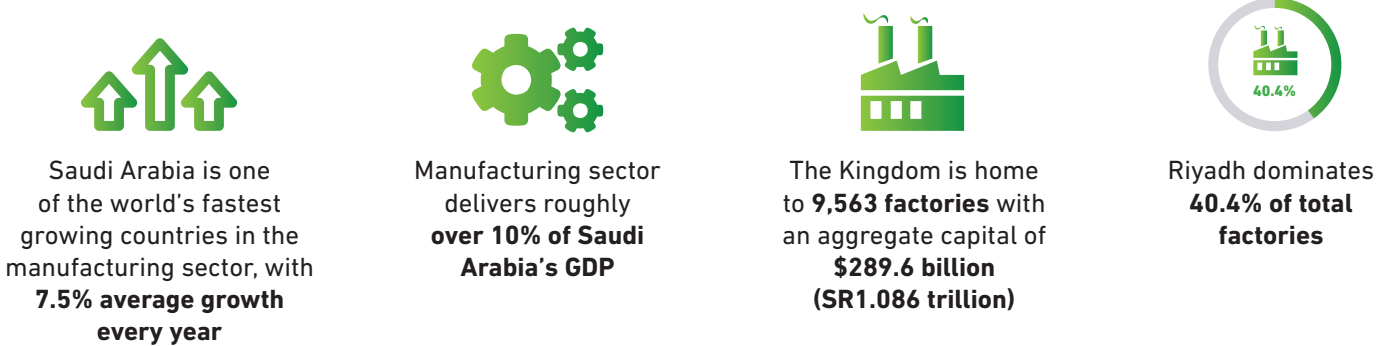

Industrial exports  
to reach  
**\$148bn**  
by 2030

Increase in  
factories to  
**36,000**  
by 2035

Additional  
**\$346bn**  
investment in  
the sector

## WHY SAUDI ARABIA:

## KEY STRATEGY DRIVERS OF VISION 2030:

# MEET THOUSANDS OF MANUFACTURING DECISION MAKERS

Meet thousands of Saudi based pre-qualified professional visitors actively seeking your offerings. Expect a cross section of manufacturing leaders looking to drive growth, improve productivity, streamline processes and be more competitive.

## PRODUCTS & SERVICES OF INTEREST TO VISITORS:

### AUTOMATION & ROBOTICS

- Factory Automation Systems
- Assembly & Handling Systems
- Machine Vision
- Laser Technology
- Pick & Place Systems
- Industrial Robots
- Swivel Arm Robots
- Welding Robot
- Application Components
- Robotics Parts & Equipment

### FACTORIES SUPPLIES

- Construction & Build of Manufacturing Facilities
- Pumps, Valves
- Compressors
- Hydraulics, Pneumatics
- Gears, Bearing & Motors
- Shafts & Couplings
- Chemical & Lubricant Products
- Generators Equipment
- Manufacturing Health & Safety Wearables
- Enterprise Resource Planning
- Pipes, Fittings & Flow Controls

### WAREHOUSE & LOGISTICS

- Coding, Scanning & Marking
- Storage & Material Handling Equipment
- Conveyor Belts & Systems
- Forklift Trucks & Parts
- Hoists, Cranes & Crane Accessories
- Pallets, Racking and Shelving
- Packaging Equipment & Materials for Courier & Warehouses
- Logistic Service Providers

### SMART MANUFACTURING & DIGITAL FACTORY

- Additive Manufacturing
- Wireless Automation Systems
- Data Transmission Systems
- Engineering and Software
- IIOT
- Industrial Networks & Communications Systems
- Artificial Intelligence & Machine Learning
- Cyber Security
- VR, AR and MR
- Cloud Computing
- Data Management & Data Analysis
- Lean Manufacturing
- CAD / CAM Software
- Predictive Maintenance
- Process Control Systems

### MANUFACTURING MACHINES & INDUSTRIAL TOOLS

- Cutting Machines (CNC - Laser-Plasma Jet-Water Jet-Trimming-Grinder)
- Forming & Separation Machines
- Drilling, Sheet Metal Cutting, Stamping
- Lasers, Press Brakes and Punching
- Processing of Sheet Metal / plastic hybrid structures
- Plastic Hybrid Structures
- Diamond & CBN Tools
- High Speed Steel Tools
- Fasteners, Accessories, Hand tools
- Packaging Machines
- Recycling Machines
- Molds & Dies
- Wood Working Machines
- Welding & fabrication machines

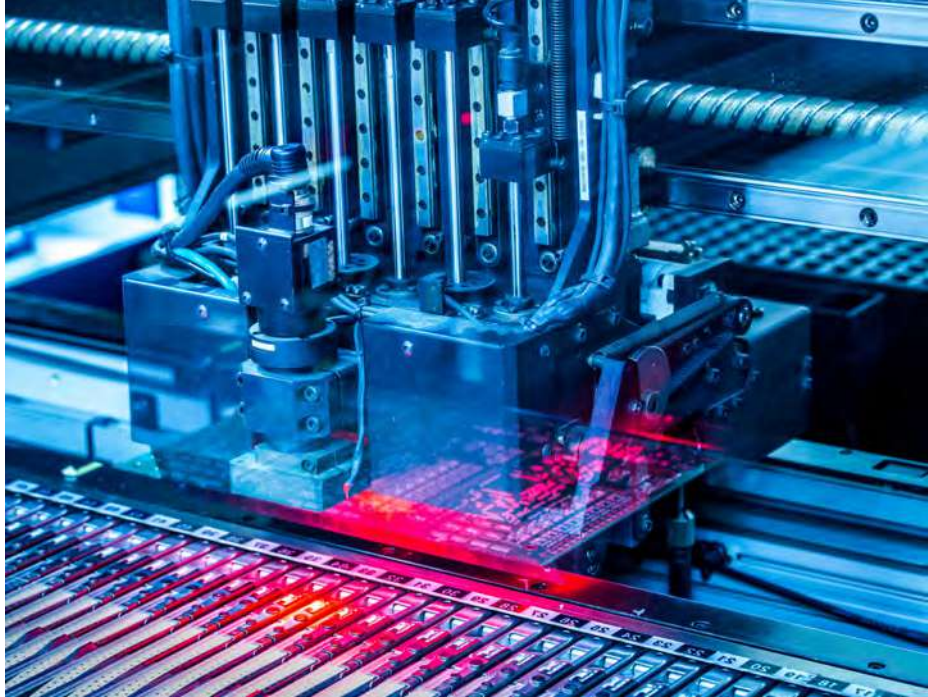

### METROLOGY

- Precision Metrology Products & Sensors
- Sensors & Measuring Equipment
- Measuring Machines
- 3D & Laser Scanner
- Scanner
- Test Equipment
- Quality Control & Testing Machinery

### ENERGY, ELECTRICAL & ELECTRONIC TECHNOLOGIES

- Building Management Systems
- Solar Storage Tank and Collector
- Boiler and Furnaces
- Energy Saving Equipment
- Electrical Power Systems
- Lighting Systems
- Cables, Wires & Equipment for Electric Power Transmission
- Smart Grid
- Water Cooling Systems
- Process Control Systems

# EXHIBITORS WILL SHOWCASE TRANSFORMATIVE DIGITALIZATION SOLUTIONS

Digital transformation is sweeping through manufacturing disrupting traditional workflows. The 4IR is here, technology is having a positive effect on the world of manufacturing and delivering many benefits such as greater efficiency and safety while cutting costs and carbon emissions.

Digital manufacturing is fundamentally changing how businesses operate. Large and small organisations in Saudi Arabia are quickly adopting a transformation roadmap through its youthful tech-savvy population.

Digitalization is changing outdated processes and presenting significant advantages for manufacturing companies. Saudi Manufacturing Expo will enable the broad strands of manufacturing to source advanced technological innovations facilitating the industry to work smarter.

## SOME OF THE TECHNOLOGIES OUR EXHIBITORS ARE SHOWCASING INCLUDE:

ADDITIVE  
MANUFACTURING

AI

AUTOMATION

BIG DATA/  
ANALYTICS

BLOCK CHAIN  
TECHNOLOGY

CLOUD  
COMPUTING

EQUIPMENT  
SENSORS

IoT

MACHINE  
LEARNING

ROBOTICS

VIRTUAL  
REALITY

AUGMENTED  
REALITY

# MEET NEW COLLAR PROFESSIONALS

With technology and innovation moving faster than ever before, Saudi Manufacturing Expo will offer a glimpse into what is happening now, but more importantly, what's to come in the future of manufacturing.

The event will provide boundless networking opportunities with digital manufacturing specialists who are re-imagining workflows and processes. Empower your business by building meaningful connections that will result in material growth opportunities with these decision makers.

- Electrical Technicians
- Manufacturing Engineers
- Automation Technicians
- Robotics Technicians
- Process Analysts
- Process Modelers
- Testing Specialists
- Prototype Specialists
- Industrial Control Systems Analysts
- Autonomous Remote Plant Operators
- Industrial Process Automation Specialists
- Electronic Data Interchange Analysts

AGRICULTURE

AUTOMOTIVE

AVIATION

CONSTRUCTION

ENERGY

FMCG

HEALTHCARE

ICT

OIL & GAS

PORTS & MARINE

RETAIL

TELECOMMUNICATIONS

TEXTILES

TRANSPORT & LOGISTICS

WATER & UTILITIES

# MORE THAN JUST AN EXHIBITION

Saudi Manufacturing Expo will host additional features alongside the exhibition, including a high-level summit. The summit will attract more senior decision makers with a greater buying power.

If you have a technical paper you wish to be considered, or would like to speak at the summit, then get in touch.

## STRATEGIC CONFERENCE THEMES:

AUTOMATION  
AND DARK FACTORIES

DIGITAL  
TWIN

EXTENDED REALITY AND  
THE METAVERSE

PREDICTIVE  
MAINTENANCE

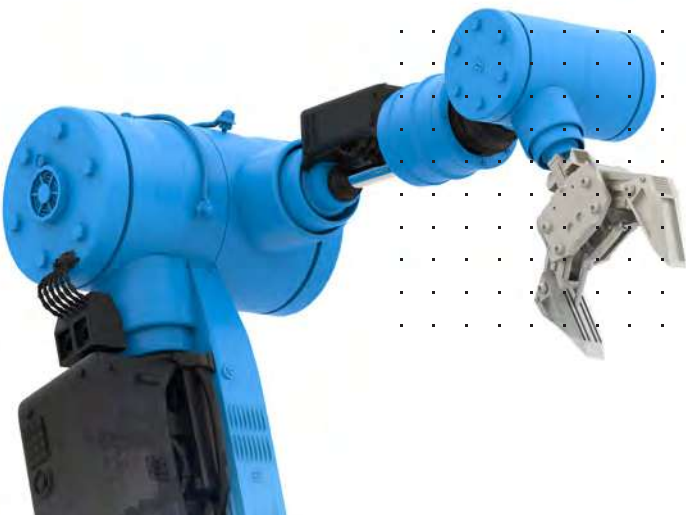

SMARTER, MORE  
SUSTAINABLE  
MANUFACTURING

**DMGT**

## BROUGHT TO YOU BY WORLD-LEADING EVENT ORGANISER

As part of the global media giant, DMGT, dmg events delivers  
**80+ market-leading exhibitions & thought-provoking publications** for  
the energy, construction, transport, coatings and hospitality industries.

**dmg::events**

dmg events' 10+ year presence and local expertise in Saudi Arabia  
creates a foundation for high quality and safe face-to-face events  
driving vital business connections and Vision 2030 objectives.

**DO NOT MISS THIS UNIQUE  
OPPORTUNITY TO ACCELERATE  
YOUR BUSINESS**
